

Costume Measurement Week

The front desk will begin measuring dancers during their classes this week! Please let us know if your dancer will be absent so that we can make sure to get them measured. Spring performance and costume fees will be charged October 12th.

Parent Participation Week

The week of October 5th-8th, you are invited to join your dancer in class! We allow one parent inside the dance studio with their dancer. Teachers will plan on your attendance so that you can get a taste of what your dancer has been working on! It is a super fun, supportive, and interactive experience!

Dance Enrichment Week

This month enrichment week is October 19th-22nd! We'll be covering the dance concept of "texture" in movement. Keep your eyes open for an email with more information!

Halloweek!

The last week of October (26th-29th), your dancer is encouraged to dress up for class to celebrate Halloween! Please make sure your dancer can still move around safely in their costume (they should have dance clothes underneath in case they get too warm). If your Halloween costume won't work, feel free to wear an old dance costume or another fun outfit. If your costume is scary, please tone it down with little ones around! Dance shoes are still required.
